FROM a Washington dispatch to a Philadelphia paper, we learn that " J. M. Corbett has been appointed Surveyor of Customs at Nashville." We presume this refers to Capt. J. N. Corbitt of this city. The position could not have been bestowed on a gentleman more capable and worthy in

Suspicious CHARACTERS.—Three young men have been noticed by the police the past few days, lorering about the city without any ostensible business. They were arrested yesterday afternoon, and in reply to interrogations of the officers, stated that they were brothers, by the name of Veach, and had come here in search of work. The eldest said he was a printer, and his two brothers were press feeders; that they formerly worked in the Ben Franklin office in Indianapolis, Indiana, and had failed in getting work in this city, because they were "rats" in the business.

No proof could be gathered that they had been guilty of any offence, and as they promised to leave the city within twenty-four hours, they were released from custody.

Carriers Driving. Scarcely a day passes but accidents occur through the careessness of back drivers and others. A little boy was run over by a two-horse carriage vesterday, in front of No. 96 North College street, but fortunately escaped without being seriously injured. He was knocked between the horses, and the wheels of the vehicle passed on either side. The driver of the carriage drove rapidly on, and turning down Locust street made his escape. An example should be made of some of these careless drivers, who seem too reckless of human

OBTAINING GOODS UNDER FALSE PRE TENSES.-A week or two ago a courtesan named Callie Paxon, went to the grocery establishment of Thomas O'Reillr, on North College street, and by representing herself as the wife of a hard working mechanic, succeeded in buying on credit goods to the amount of \$17.55. The time of payment having passed by without bringing with it the money, Mr. O'Reilly made some inquiries about Miss Callie, and soon found out that he had been victimized. He got out a warrant before Esquire Patterson, and the young lady was arrested yesterday morning, and gave bonds for her appearance at 2 o'clock P. M. We understand the case was compromised on her paying Mr. O'Reilly the sum due him, and the costs that had secrued.

Persons wishing to be in the city with the benefit of the schools and water have a large number of heautiful lois to select from; and those whose taste would lead them beyoud the city limits, and yet be within a few minutes' ride of the business part thereof, have a still larger field in which to locate and suit themsel Water can be had in almost every part of this reporty by wells from twenty to forty feet deep The McGavock and Mt. Vernon Borse Railroad is now being built, and will be in operation during the month of December next, and ranning out directly to the main body of the property, at which point it branches, and runs thence in two irections nearly through the entire estate, thu affording in the two directions eligible sites for

residences at all the intermediate distances be-tween one-half of a mile and a mile and a balf from the Public Square, and on or near the two lines of road. To persons wishing to build and occupy res dences we will offer great inducements, and think make it the interest of any who wish to settle in ent Securities, Gold and Silver, bought or near the city to buy of us.

This property, although so near the heart of the eity, has been to a great extent kept out of the market; but the estate being largely in debt, we RAILROAD expect to sell during the next three or four years a large amount of it, so that persons buying now may be sure that a sufficient number of lots will be disposed of to cause the city to be extended in

> Plans and maps of the property can at all times be seen at No. 23 Cedur street, up stars, and at the ST. LOUIS, Chancery Court Clerk's office, at the Court House. JAMES WHITWORTH,
